Dealing Procedures

START OF GAME

1 .Prior to the start of each round of blackjack play, players are afforded the opportunity to place a voluntary Double Match bet on the designated spot on the table layout at same time their primary Blackjack bet is made and before any cards are dealt.

2. After all wagers have been placed; the dealer deals the first two cards to each player and to himself or herself in the same manner a regular blackjack dealing procedures. Players are paid for each card where a match is. If all cards match, all cards are paid. Matches for the winning players will be paid according to the payout schedule.

3. The outcome of the primary Blackjack bet has no bearing on the Double Match 21™ or vice versa. A player can win on one and lose on the other. Other than the win or loss of the match bet on the first two cards, there is no effect on the primary game of Blackjack and no changes in dealing procedures.
