Re: Big Dog Amusement Game

Dear Mr. Berger,

Thank you for submitting the Big Dog amusement game to us for review. We have completed our review.

It is my understanding the game plays as follows:

Players move a handle up and down to launch balls (food) into the dog's mouth. Players receive tickets based on the number of balls they get into the dog's mouth. If the player is able to feed the dog 40 balls before time runs out they win the bonus.

The Big Dog game meets the definition of an amusement game (RCW 9.46.0201) and is approved for use as a Group 5 Hand/Eye Coordination (WAC 230-13-035) amusement game in Washington State.

Please be advised that any modifications to the Big Dog amusement games software or associated equipment must be provided to us for additional testing and review. In addition, amusement games operated in Washington must not have settings that allow the operator to control the outcome of the game (auto percentaging). The approval of this equipment may be rescinded at any time if problems are found by the Commission or changes to the Washington Administrative Code (WAC) impact this approval. If you have any questions or concerns, please contact Sonja Dolson at (253) 671-6283.

Sincerely,

A handwritten signature in cursive script that reads "Mark Harris".
