Re: Flying Tickets Amusement Game

Dear Mr. Manning,

Thank you for submitting the Flying Tickets amusement game, manufactured by Adrenaline Amusements, to us for review. Special Agents Karen Rea and Sonja Dolson have completed their review.

It is my understanding the game plays as follows:

This game is similar to the Flappy Bird App. Players press the button to move the bird up and down through the pipes. The player receives tickets as the bird moves through the different colored pipes. Some of the colored pipes are worth more tickets than others. If the player beats the target score posted on the game, they win the bonus.

The Flying Tickets game meets the definition of an amusement game (RCW 9.46.0201) and is approved for use as a Group 5 Hand/Eye Coordination (WAC 230-13-035) amusement game in Washington State.

Please be advised that any modifications to the Flying Tickets amusement game software or associated equipment must be provided to us for additional testing and review. In addition, amusement games operated in Washington must not have settings that allow the operator to control the outcome of the game (auto percentaging). The approval of this equipment may be rescinded at any time if problems are found by the Commission or changes to the Washington Administrative Code (WAC) impact this approval. If you have any questions or concerns, please contact Sonja Dolson at (253) 671-6283.

Sincerely,

A handwritten signature in cursive script that reads "Mark Harris".

Mark Harris
