**Re: Hole-n-Win Amusement Game – Version 1.07**

Dear: Mr. Dupree,

Thank you for submitting the Hole-n-Win amusement game to us for review. Special Agents Karen Rea and Sonja Dolson have completed their review. It is my understanding the game plays as follows:

The object of the Hole-n-Win game is to position the plunger over a hole on the playing field. After the player positions the plunger they push the play button to drop the plunger into the hole. If the player drops the plunger in one of the holes, a prize is dispensed from the game. The Hole-n-Win game price per play can be adjusted based on the location and value of the prizes. You were advised that the maximum wager is \$3.50 and maximum prize is \$500 for locations where minors are allowed to play in Washington.

The Hole-n-Win game meets the definition of an amusement game (RCW 9.46.0201) and is approved for use as a Group V, hand/eye coordination (WAC 230-13-035) amusement game in Washington State.

Please be advised that any modifications to the Hole-n-Win amusement game software or associated equipment must be provided to us for additional testing and review. In addition, the approval of this equipment may be rescinded at any time if problems are found by the Commission or changes to the Washington Administrative Code (WAC) impact this approval. If you have any questions or concerns, please contact Sonja Dolson at (253) 671-6283.

Sincerely,

A handwritten signature in cursive script that reads "Mark Harris".

Mark Harris  
Assistant Director  
Field Operations Division

# Hole-N-Win™

If it's in, You Win!
