Re: Subway Surfers Amusement Game

Dear Mr. Manning,

Thank you for submitting the Subway Surfers amusement game to us for review. We have completed our review. It is my understanding the game plays as follows:

This game is based on the Subway Surfer App. Players use the joy stick to move their surfer through the subway tracks and collect coins as they go. Players must jump, duck, and or switch tracks to avoid obstacles. If the player collects all BONUS letters they win additional coins. Players have the option of continuing their game and keeping the letters they collected to have a better chance of winning the bonus. When time runs out, the player receives tickets based on the total number of coins they collected during the game.

The Subway Surfers game meets the definition of an amusement game (RCW 9.46.0201) and is approved for use as a Group 5 Hand/Eye Coordination (WAC 230-13-035) amusement game in Washington State.

Please be advised that any modifications to the Subway Surfers amusement game software or associated equipment must be provided to us for additional testing and review. In addition, amusement games operated in Washington must not have settings that allow the operator to control the outcome of the game (auto percentaging). The approval of this equipment may be rescinded at any time if problems are found by the Commission or changes to the Washington Administrative Code (WAC) impact this approval. If you have any questions or concerns, please contact Sonja Dolson at (425) 277-7026.

Sincerely,

Mark Harris
