RE: ACE Software Version 6.55.001PPG

Dear Mr. Hemberger:

Thank you for requesting approval of the ACE Software Version 6.55.001PPG. On January 31, 2008, the Washington State Gambling Commission approved the ACE Software Version 6.54PPG. Your letter of February 19, 2008, indicates the only change to the software, Version 6.54PPG, has been to support Ultimate Texas Hold'em.

Therefore, approval is granted with the following requirements:

- The dealer must wash all new decks prior to inserting them into the ACE; and
- The dealer must shuffle the deck before placing the cards into the ACE after every hand.

The electronic signature is as follows:

Software Component	Type	Kobetron Signature
V.6.55.001PPG	27512	2226

If any modifications or upgrades are made, you will be required to submit the software and associated hardware for additional testing and review prior to implementation. Thank you for your cooperation and willingness to comply with the gambling laws of Washington State.

Re: New *ACE*[®] Single Deck Shuffler software, version 6.55.001PPG

Dear Ms. Griffin:

Shuffle Master, Inc. ("Shuffle Master") hereby submits to the WSGC this request for review and approval of our latest *ACE* Single Deck Shuffler software version 6.55.001PPG for use at Commercial Card Rooms and Tribal Casinos.

This software will not replace, revoke, or obsolete the currently approved 6.54PPG software but will be used primarily to support one of our table games, Ultimate Texas Hold'em. The only change for version 6.55.001PPG from 6.54PPG which was approved on 1-31-08 is the addition of the game Ultimate Texas Hold'em. Please advise if due to the minimal change from version 6.54PPG an entire submission will be required.

If you have any questions or require additional information, I can be reached at 702-270-5106.

Sincerely,

John Hemberger

RE: Amendment to Approval Letter Dated January 22, 2008 on the ACE Version 6.54PPG

Dear Ms. Gastineau:

This letter is an amendment to the attached approval letter dated January 22, 2008 to provide further clarification on the ACE Version 6.54PPG.

The January 22, 2008 correspondence stated, "As for the ACE Shuffler Version 6.54PPG, approval is granted but we require the dealer to wash all decks prior to inserting them into the ACE shuffler."

We are amending that approval to allow the ACE Version 6.54PPG with the following requirements:

- The dealer must wash all new decks prior to inserting them into the ACE; and
- The dealer must shuffle the deck before placing the cards into the ACE after every hand.

If you have any questions, please contact Tina Griffin at (360) 486-3546.

Sincerely,

David Trujillo
