Lynnwood, WA 98036

**RE: eWizPro**

Dear Mr. Jerow:

Thank you for submitting the eWizPro for review.

The eWizPro is approved for use at house-banked card room licensees in Washington. Card rooms using this system must include procedures for its use in their Internal Controls.

Our approval is based on your system meeting the requirements of WAC 230-15-520. This requires computerized fill/credit systems to have a non-repeating consecutive numbering system that fulfills the controls and safeguards of a manual system. If WAC rule requirements change or your system changes we may require another review.

Thank you for your cooperation during our review. If you have any questions please contact Edward Ward at (425) 304-6314.

Sincerely

Mark Harris  
Assistant Director  
Field Operations.
