**Re: Diamond/AllTrack2 Integrated Versions  
6.17.018/3.11.026, 6/17.22/3.11.27 and 6.17.024/3.11.030**

Dear Mr. Smith:

On April 24, 2006, a review of software version 6.17.018/3.11.026 was conducted at the Tacoma office of the Washington State Gambling Commission. As part of this review, a sample bingo session was conducted and the applicable receipts/reports were reviewed for compliance with Washington State requirements. There was one exception noted on the reports reviewed. The pay-out level for each card was not listed on the player receipt. Mr. Schwenk indicated he would work on having this information added to the player receipts. Diamond/AllTrack2 software version 7/17.018/3.11.026 was approved in May 2006.

On June 12, 2006, Diamond/AllTrack2 version 6.17.22/3.11.27 was submitted for review. In July of 2006, you submitted a newer version for review, 6.17.024/3.11.030. It was noted that only minor changes have been made since our initial review. Software version 6.17.024/3.11.030 is in compliance with the Washington State requirements and is suitable for installation in Washington.

Please be advised that our review is limited to the receipting requirements and does not review all of the reports produced by your software. Bingo operators may need to take additional steps in order to maintain compliance. You can review Washington State's bingo record keeping requirements via our website, [www.wsgc.wa.gov](http://www.wsgc.wa.gov).

The approval of this software may be rescinded at any time if problems are found by the Commission or Washington Administrative Code (WAC) changes impact this approval. If you have any questions and/or concerns, please feel free to call Sonja Dolson at (253) 671-6283 or Bill McGregor at (509)329-3666 ext. 226.

Sincerely,

David Trujillo, Assistant Director  
Licensing Operations Division
