

Match The Dealer Blackjack Rules and Dealing Procedures

Match The Dealer Blackjack is standard blackjack with optional bonus wagers. All rules pertaining to blackjack as posted on the WSGC website will remain the same and are not altered in this game except as noted in these rules of play.

Card room operators must not allow wagering limits to exceed the authorized limits set out in WAC 230-15-040 and WAC 230-15-140.

In addition to the regular 21 bet, casinos may offer either a single bonus wager: a Match The Dealer Up Card bonus wager, or they may offer two bonus wagers: a Match The Dealer Up Card bonus wager and a Match The Dealer Down Card bonus wager.

A Match The Dealer Up Card bonus wager is a wager that one or both of a player's original two cards of the hand will exactly match the dealer's up card in rank. A Match The Dealer Down Card bonus wager is a wager that either of a player's original two cards of the hand will exactly match the dealer's down card in rank. There are two payoff amounts for each respective bonus wager, a suited rank match and an unsuited rank match. In order to play one or both Match The Dealer bonus wagers, the player must make a regular 21 wager. In order to make a Match The Dealer Down Card bonus wager for a particular hand, a player must also make a Match The Dealer Up Card bonus wager for that same hand. The house determines the Match The Dealer minimum and maximum bet sizes.

The dealer deals two cards face up to each player and two cards to himself, with one of the dealer's cards exposed as the up card and the non-exposed card as the dealer's down card. The dealer first checks the cards of all players with the Match the Dealer Up Card bonus wager to see if either of the player's original two cards match the dealer's up card in rank. Players are paid for each card where there is a match, if both of the player's original two cards match the dealer's up card both cards are paid. The dealer then deals the 21 game. If the house offers the Match The Dealer Down Card bonus wager, after the 21 game is played and as the dealer is settling the 21 game wagers, the dealer checks the original two cards of all players with the Match the Dealer Down Card bonus wager to see if either of the player's original two cards match the dealer's down card in rank. Players are paid for each card where there is a match, if both of the player's original two cards match the dealer's down card both cards are paid.

Payouts for each card match will be made according to the following payout schedule.
