

## Rules and procedures for Dealer Bust 21

1. Dealer Bust 21 is standard blackjack with an optional bonus wager. All rules pertaining to standard blackjack as posted on WSGC's website remain the same and are not altered in this game. The Dealer Bust 21 (DB21) table layout is identical to a standard blackjack layout with an additional but separate and distinct betting spot added to the upper right hand side of the standard blackjack betting spot and a box the size and shape of a playing card located at the spot where the dealer places their "up card" when they "expose" their bottom card. This box will be labeled "up card".
2. DB21 wagers may only be made if a regular blackjack bet is made.
3. DB21 wagers are made by placing chips in the DB21 betting spot located on the right hand side of the blackjack betting spot.
4. All DB21 wagers must be made prior to the first card of each round being dealt. Any wager made after that will be considered "no bet" and returned to the person who made it.
5. DB21 wagers win if the dealers blackjack hand "busts" and the players hand does not exceed a point total 29.
6. Payouts are determined by the dealer's original "up" card, all "up" cards are placed in the box labeled "up card", after the dealer exposes their "bottom card".
7. There are 4 separate and different pay-tables that can be employed ( please see pay-tables located on page 2 of the enclosed math report).
8. Once all wagers are made the dealer will deal the cards according to standard blackjack procedures. When all the cards have been dealt the dealer will follow standard blackjack procedures that give each player the option to hit, stand, split or double down. If a player does not have a DB21 wager than the standard blackjack procedures apply.
9. If a player has a DB21 wager and "busts" their blackjack hand, the dealer will take the losing blackjack bet and pick up the cards, however, instead of putting the cards in the discard holder the dealer will "tuck" the cards under the DB21 "bet". This action prevents the dealer from paying a "DB21" bet that was "past-posted", or inadvertently placed too early for the next hand.
10. If the dealer's hand does not "bust", all DB21 wagers lose and the dealer will remove them from the layout prior to resolving the remaining blackjack hands.
11. If the dealer's hand "Busts" the dealer will proceed to resolve all the remaining "blackjack" bets and "DB21" bets beginning in a counter-clockwise order, if a player has both a "blackjack" bet and "DB21" bet remaining the "blackjack" bet will be paid first and the "DB21" bet will be paid second and the dealer will go to the next hand.

12. If all of the player's blackjack hands have busted leaving only the dealer with "live" cards remaining and there is at least one remaining DB21 wager, the dealer must play out their hand according to house rules.
13. Payouts for winning DB21 wagers will be based on the associated pay-table in use (please see pay-tables located on page 2 of the enclosed math report).
