

RULES OF PLAY

- 1 *Fortune Pai Gow Poker* is an optional bonus bet on the casino game Pai Gow poker.
2. The *Fortune* bet considers the best hand possible among the player's seven cards and is reconciled against an approved¹ posted payable.
- 3 Players may bet any amount within table limits, however, a *Fortune* bet of at least \$5 qualifies them for **Envy Bonus** payouts. Players win the **Envy Bonus** when a player at the table receives a four of a kind or higher, excluding the dealer and his/her own hand.
- 4 To begin each round, players must make their standard Pai Gow wagers and, the optional, *Fortune* bonus wager. If a player wagers at least \$5 on the *Fortune* bonus, the dealer must place an "Envy" lammer next to it.
- 5 The dealer then follows house procedures for Pai Gow poker.
- 6 While reconciling the standard Pai Gow poker wagers, the dealer also reconciles *Fortune* bonus bets.
 - a. If the player's hand qualifies for payouts, the dealer pays the player according to the posted payable.
 - i. Notwithstanding to the payout odds on the approved payable options and subject to gaming regulations, a casino licensee may establish a maximum aggregate amount that is payable per round or per hand. It remains the casino licensee's sole responsibility to post a sign at the table explaining the details and the ramifications of the aggregate win limit. The **Envy Bonus** payout is not an odds based payout and therefore it is not subject to an aggregate limit.
 - ii. The dealer leaves the "Envy" lammer, if applicable, next to the player's original wager and payouts. The dealer will not pick up the envy lammer(s) until all wagers have been reconciled.

¹ Approved, by a Regulatory body or Agency.

- b If the player's hand does not qualify for payouts, the dealer takes the players *Fortune* wager
 - i. The dealer leaves the "Envy" lammer, if applicable, next to the player's original wager and payouts. The dealer will not pick up the envy lammer(s) until all wagers have been reconciled.
- 7 The dealer pays all **Envy Bonuses** at the end of the round. If at least one player has a four of a kind or higher, all players with envy lammers win—see payable** In the event more than one player has at least four of a kind, then all players with envy lammers win multiple payouts.
 - a. A player cannot win the **Envy Bonus** for his/her own—or the dealer's—hand.

Rules of Play

Overview

Pai Gow'd is an optional side bet Pai Gow Poker. Players win the bet if the dealer's five-card hand is less than a pair, and the player's five card hand beats the dealer's five card hand. The worse this hand is, the more the bet pays.

Dealing Procedures.

1. Players make the optional Pai Gow'd wager before the start of a hand. Players may bet within the posted minimums and maximums for this wager.
2. The dealer reconciles the Pai Gow'd wager as he settles each player's Pai Gow and Fortune wagers.
3. If the dealer's five-card hand is less than a pair, the Pai Gow'd wager wins. If the dealer's five-card hand is a pair or better, the Pai Gow'd bet loses.
