

RULES OF PLAY

1. *Fortune Pai Gow Poker* and *Pai Gow'd* are optional bonus bets. The casino may offer one, both, or neither of these optional bets at their discretion.
2. The *Fortune* bet considers the best hand possible among the player's seven cards and is reconciled against an approved posted payable. The *Pai Gow'd* bet considers the dealer's hand. If the dealer's five card hand has less than a pair, the *Pai Gow'd* bet wins. If the dealer's five card hand is a pair or better, the *Pai Gow'd* bet loses.
3. Players may bet any amount within table limits; however, a *Fortune* bet of at least \$5 qualifies them for **Envy Bonus** payouts. Players win the **Envy Bonus** when a player at the table receives a four of a kind or higher, excluding the dealer and his/her own hand.
4. To begin each round, players must make their standard Pai Gow wagers and, the optional, *Fortune* bonus and *Pai Gow'd* wagers. If a player wagers at least \$5 on the *Fortune* bonus, the dealer must place an "Envy" button next to it.
5. The dealer then follows house procedures for Pai Gow poker.
6. While reconciling the standard Pai Gow poker wagers, the dealer also reconciles *Fortune* bonus bets and the *Pai Gow'd* bets.
7. Resolving the *Fortune* bet:
 - a. If the player's hand qualifies for payouts, the dealer pays the player according to the posted payable.
 - i. Notwithstanding to the payout odds on the approved payable options and subject to gaming regulations, a casino licensee may
