

Training Manual

Overview of the Rules

Hi-Lo Stud Poker is a five-card stud poker game that uses a standard 52-card deck. The game must be used with a shuffler produced by Shuffle Master Inc. This is payable game; players do not compete against the dealer or other players. Players combine three hole cards with two community cards to form a five-card poker hand. There are two ways for players to win:

1. If their five-card hand is a pair of 10s or higher.
2. If their five card hand is 10-high or lower.
 - a. Players can use an Ace as high or low.

Dealing Procedures:

Shuffle Master recommends dealing this game with an ACE® shuffler. Set the ACE to Three Card Poker or Hi Lo Stud Poker.

1. Working from left to right, the dealer gives each player three hole cards face down. Once all players have cards, the dealer places two community cards face down in front of the chip tray.
 - a. When setting the community cards, the dealer takes a stack of three cards and burns the bottom one.
2. The dealer then presses the green button on the shuffler to dispense the remaining cards. This also initiates shuffling the deck for the next round of play.
3. Players now decide if they want to fold or stay in the game. If they stay in the game, players must make a 4th Street bet of 1x or 2x their Ante.
4. The dealer then reveals the 4th Street card.
5. Players again decide if they want to fold or stay in the game. If they stay in the game, players must make a 5th Street bet of 1x or 2x their 4th Street bet.
6. The dealer then reveals the 5th Street card and reconciles all non-folded hands.
7. If the player does not have a winning high or low hand, all bets left in action lose.
8. If the player has a winning high or low hand, the dealer will pay him even money on 4th and 5th Street and odds on his Ante bet.
9. Hands that win both high and low are paid both ways on the Ante. For example, if a player has a 5-high straight, the Ante wins odds as both five-high and as a straight. The 4th and 5th Street bets are paid once.

Paytable:

PAYTABLE

HLSP-01			
5-Card Hand			
High Winners		Low Winners
