Dealer Hits 'Soft 17'

- ❖ **Players may split any 2-card 'hard' total of 15 and 16.***

- ❖ **On 2-card 'hard' totals of 10 and 11, players who double may elect to exchange the initial double card with the next card in the shoe if they are not happy with the initial double card. Once a player has agreed to exchange than they must stay with the newly exchanged card and cannot revert back to the original card.****

- ❖ **Regular splitting and doubling is allowed on any 2 cards.**
- ❖ **'Blackjacks' pay 3/2.**
- ❖ **Dealer will push all remaining bets if a dealer total of 22 is achieved. 'Blackjacks' will still get paid.**
- ❖ **2, 4, 6 or 8 decks may be used.**
