

## RULES OF PLAY

1. Ultimate Draw Poker features head-to-head play against the dealer and a bonus bet.
2. To start the game, players make an Ante bet, a Bonus bet, or both.
3. Each player, and the dealer, will get five cards.
4. The dealer will then spread—face down—five common draw cards. The cards are used by the dealer and all players. There are two options to do this when dealing from an Ace or iDeal shuffler:
  - a. The dealer will take the stack of five cards and place them on the (1) spot and spread the cards to the right.
  - b. The dealer will take the stack of five cards and place the top card on the (5) spot, the next card on the (4) spot, etc.
5. Players now decide how many cards they want to replace.
  - a. Players place their held cards in the area marked “Hold.”
  - b. Players discard their remaining cards.
6. Once all players have acted, the dealer will reveal his five cards and follows this house way:
  - a. Hold a pair or better; or
  - b. Hold a four-card flush; or
  - c. Hold a four-card straight (four sequential cards); or
  - d. Hold Jack or higher; or
  - e. Discard all.
7. The dealer will then reveal the five community draw cards. The draw cards are marked 1-5. If, for example, a player wanted to replace three cards, he would use community draw cards numbered 1, 2 and 3. If a player replaced one card, he would use community draw card No. 1.
8. The dealer uses the community draw cards in the same way players do.
9. The dealer qualifies with a pair.
10. If the dealer does not qualify, players automatically win  $\frac{1}{2}$  their Ante bet.
11. If players beat the dealer’s qualifying hand, their Ante wins even money.

12. Players receive Ante Bonus if they have a flush or better. Ante Bonus are a multiple of the player's Ante bet, and they are paid even if the player loses. Ante Bonus payouts below:

Hand	Ante Bonus
Royal Flush	50x
Straight Flush	25x
Four of a Kind	6x
Full House	2x
Flush	1x

13. The Bonus bet wins if the player has two pair or better. Payouts printed on felt.

## Bonus Paytables

Hand	UDP-01	UDP-02	UDP-03	UDP-04
