- 7.4. Community Impact.

The Nation has been providing community impact mitigation relief since opening their Class III Gaming Facility in 1998. As of the date of this Appendix, the State Gaming Agency has not received any criticism from local jurisdictions regarding unfunded impacts. The Nation's law enforcement and emergency services are primarily responsible for providing public safety and other community services to each Gaming Facility on Yakama Tribal Lands with assistance from surrounding local law enforcement and emergency service agencies. In addition, the Nation operates courts, corrections, probation, and transportation agencies, among others related to Community Impact.

The Nation and State agree that the provisions of this Appendix will not significantly increase attendance at the Nation's existing Class III Gaming Facility or increase the impact on the neighboring community.

For these reasons, the Nation and State hereby amend Compact Section XIV.C.1 and Appendix X2 Section 14.1 as set forth below:

7.4.1 Compact Section XIV.C.1 is amended to read as follows:

The Nation recognizes that activities directly and indirectly associated with the operation of Gaming Facilities may impact surrounding local law enforcement agencies and other services and place an increased burden on them. The Nation hereby agrees to establish a fund for purposes of providing assistance to law enforcement, emergency services and/or service agencies (including those agencies responsible for traffic and transportation) impacted by the Class III Gaming ~~Facility~~ Facilities and to withhold and disburse ~~2.0%~~ 0.75% of the Net Win from the Class III Gaming Operations, except as otherwise excluded under the provisions of this Compact, for this fund (“Community Contribution”). For each county wherein the Yakama Nation establishes a Gaming Facility, a committee consisting of a representative designated by the Tribal Council; a representative designated by the Tribal Gaming Agency; a representative from the county in which the facility is located; a representative from the closest city or cities to the Gaming Facility; ~~a representative from the City of Yakima; a representative from the City of Wapato or the City of Toppenish, depending on which is located closer to the Gaming Facility Facilities;~~ and a representative of the State Gaming Agency shall be established. The composition of this committee(s) may be altered by mutual agreement of the Tribal and State Gaming Agencies, if necessary. Each ~~The~~ committee shall meet at least annually to discuss impacts within the county and, if applicable, on the Reservation. No Class II gaming revenues, satellite wagering revenues, “non-profit gaming table” revenues, or non-gaming revenues shall be included with the ~~2.0%~~ 0.75% budgeted and disbursed as set forth in this Section.

However, if the Nation intends to no longer provide proactive impact mitigations, such as emergency medical services and law enforcement services, as detailed above, the Nation shall immediately notify the State Gaming Agency and shall begin accruing and making payments per Compact Section XIV.C.1 at 1.75%. If the Nation receives Community Impact funding requests for actual and demonstrated impact costs that cannot be met at the current contribution level, as identified by the Community Impact Committee(s), the Nation and the State Gaming Agency shall meet for good faith negotiations to enter into an MOU; provided the accrual shall not exceed 1.75% and shall not exceed the duration of the unmet Community Impact need.

7.4.2 Compact Appendix X2, Section 14.1 is amended to read as follows:

14.1 Impact Costs. Up to ~~one-half~~ six tenths of one percent (~~0.5%~~) (0.6%) of the net win derived from Tribal Lottery System activities, determined on an annual basis using the Nation's fiscal year, shall be added to any amounts payable and distributable from other Class III activities under the Compact in order to meet community impacts, to the extent such Compact amounts are insufficient to meet actual and demonstrated impact costs.

8. Responsible Gambling

The Nation and State Gaming Agency recognize the importance of responsible gambling as part of the shared responsibility to protect the health, welfare, and safety of the citizens of the Nation and of the State. As part of that responsibility, the Nation agrees to:

- 8.1 Provide complimentary, on-site space for responsible gambling resources and information;
 - 8.2 Create and maintain a responsible gambling policy that addresses at least the following areas:
 - 8.2.1 Annual training and education for all gaming employees, with a separate training for management, to cover such topics as how to identify problem gamblers, how to provide assistance when asked, underage prevention, and unattended children;
 - 8.2.2 Self-exclusion, to cover such topics as the receipt of marketing materials and access into the facility;
 - 8.2.3 Self-restriction, which may cover such topics as setting limits on spending, time, and check cashing limits; and
 - 8.2.4 Resources, to include such topics as posting hot line numbers, signage and material availability on how to seek treatment;
 - 8.3 Within five (5) years, or as soon as feasible thereafter, investigate and, at the Nation's discretion, either develop a new or implement an existing interactive responsible gambling application or program for players; and
 - 8.4 Consider voluntary participation in the statewide self-exclusion program as provided in RCW 9.46.071, with the determination as to whether to participate at the Nation's sole discretion.
9. Moratorium. The Nation agrees to seek no additional amendments to this Appendix with respect to the subject matter of increased wager limits and per facility limits prior to six (6) months after the Problem Gambling Legislative Task Force Final Report is finalized or two (2)

years from the effective date of this Amendment, whichever is earlier (the “Moratorium”), except in the following circumstances:

- 9.1. Federal or State law, whether by statute, rule, regulation or other action that impacts Washington State or the Nation, is amended to increase any limitations above those included in this Appendix;
- 9.2. A State or Federal Court within the State of Washington or a Federal Court interpreting the laws of the State of Washington issues a final and unappealable decision permitting increased limitations above those included in this Appendix; or
- 9.3. Any other tribe located in the State of Washington, through a Compact amendment approved (or deemed approved) by the Secretary of the Interior, obtains materially different concessions, limitations, and agreements than those outlined in this Appendix. The State and Nation agree to incorporate into this Compact all provisions of the other tribe’s amendment and such agreement will be documented in a Memorandum of Incorporation.
