## Game Description

Super Three Card is a house-banked, poker-based card game played using either six (6) or eight (8) standard 52 card decks of playing cards. The object of Super Three Card is to make a higher three-card poker hand than the dealer. Super Three Card also contains several optional bonus wagers.

Casino operators choose which bonus wagers they will offer, subject to the limitations and definitions in WAC 230-15-040, WAC 230-15-140 and any restrictions contained within these Rules of Play. Operators cannot offer more than four “separate games” with a single hand of cards and no more than three of the “separate games” may offer a wager that exceeds five dollars each. Card room operators are required to post the four wagering-spot restriction on the layout or a placard placed on the table. Each bonus wager may be made at the player’s option and there is no effect on the primary game and no changes in player strategy. Minimum and maximum wagering limits are established by the casino operator in accordance with the limits set in WAC 230-15-040, WAC 230-15-140, or their specific regulatory body.

## Rules of Play

1. To begin, players must make equal Ante and Odds wagers. Optionally, players may also place a Big Hand Bonus wager and/or a 21+3 Bonus Jackpot or Progressive Jackpot wager.
2. Once all wagers are placed, the dealer deals two cards (one at a time) to each player (face-up) and one card to the dealer (face-up).
3. The dealer evaluates any Big Hand Bonus wagers (Appendix “B”) and 21+3 Bonus Jackpot or Progressive Jackpot wagers (Appendix “C”) placed at this time.
4. Each player determines if they want to play, by placing a bet equal to their ante on the Play wager, or surrender, by signaling surrender to the dealer. If the player surrenders, the player loses their ante wager and the odds wager is pushed and returned to the player.
5. For each player who places a Play wager, the dealer deals one additional card (face-up), completing the player’s three-card hand. After all player cards are dealt, the dealer receives two (2) additional cards (face-up) to complete the dealer’s three-card hand.
6. The dealer compares their hand to the player’s hand:
  - If the dealer’s hand beats the player’s hand, the player’s Ante, Odds and Play wagers lose.
  - If the player’s hand beats the dealer’s hand, the player’s Ante and Play wagers pay even money and the Odds wager is paid according to the corresponding payable (Appendix “A”).
  - The player wins all ties and is paid in the same manner as if their hand outranked the dealer’s hand.
7. Hand Rankings
  - Royal Flush (Ace, King and Queen Suited)
  - Three-of-a-Kind Suited
  - Straight Flush
  - Three-of-a-Kind
  - Straight
  - Suited Pair

## Optional Bonus Wagers

### *Big Hand Bonus*

A player wins if their hand, formed by the player's first two cards and the dealer's first card, achieves a pre-determined triggering event displayed on the corresponding payable (Appendix "B").

*Bonus Jackpots or Progressive Jackpots (operators may use only one Jackpot configuration)*

*21+3 (available for use on Bonus or Progressive Jackpots)*

A player wins if their hand, created by the player's first two cards combined with the dealer's first card, achieves a pre-determined triggering event displayed on the corresponding payable (Appendix "C").

### *Bonus and Progressive Jackpot Definition*

If operated as a **Bonus Jackpot**, the table display does not increment after each wager is placed. All Bonus Jackpot displays must include the following language: "Bonus Jackpot prizes are paid by the casino and are not components of any progressive prize contest. Player wagers do not accrue to any guaranteed player fund. The displayed Bonus Jackpot prize may be modified or discontinued at any time without prior notice."

If operated as a **Progressive Jackpot**, the table display should increment after each wager is placed. Casino operators must follow the rules contained in WAC 230-15-680 through WAC 230-15-720. Prizes displayed are considered to be held in escrow by the casino operator who acts as the custodian of the funds for the benefit of the players. Operators offering progressive jackpots must: (1) Ensure specific wager limits on progressive wagers to ensure all funds are accounted for; and (2) Maintain and account for all funds collected for progressive jackpot games.

The operator's internal controls must define how the Jackpots are configured and how they are won and if operated as a bonus or a progressive game.

## Equipment

This game will use the Galaxy Gaming owned Andromeda Bonus Jackpot System Series 3d or higher. Jackpot meter displays will not contain additional intelligence or functionality, including but not limited to network capability, wired or wireless.

## Gambling Promotions

A gambling promotion may be added to any of the bonus wagers at the discretion of the casino operator and with the written consent of Galaxy Gaming.
