Re: Black Hole Prize Amusement Game

Dear Mr. Berger,

Thank you for submitting the Black Hole Prize amusement game to us for review. We have completed our review.

It is my understanding the game plays as follows:

Players pull the plunger on the game to attempt to shoot the ball into the prize win hole. If the ball lands in the prize win hole the player wins a prize. The prize is selected by the player and dispensed from the game.

The Black Hole Prize game meets the definition of an amusement game (RCW 9.46.0201) and is approved for use as a Group 5 Hand/Eye Coordination (WAC 230-13-035) amusement game in Washington State.

Please be advised that any modifications to the Black Hole Prize amusement game software or associated equipment must be provided to us for additional testing and review. In addition, amusement games operated in Washington must not have settings that allow the operator to control the outcome of the game (auto percentaging). The approval of this equipment may be rescinded at any time if problems are found by the Commission or changes to the Washington Administrative Code (WAC) impact this approval. If you have any questions or concerns, please contact Sonja Dolson at (425) 277-7026.

Sincerely,

Josh Stueckle
