Re: Grand Piano Keys Amusement Game

Dear Mr. Treankler,

Thank you for submitting the Grand Piano Keys amusement game to us for review. We have completed our review.

It is my understanding the game plays as follows:

Players sit on a piano style bench and touch the keys on the game that match the colored squares on the screen. The faster and more accurately they play the more tickets they win. Tickets are awarded based on the number of keys hit in a specific time frame. The game may be played with one or two players.

The Grand Piano Keys game meets the definition of an amusement game (RCW 9.46.0201) and is approved for use as a Group 5 Hand/Eye Coordination (WAC 230-13-035) amusement game in Washington State.

Please be advised that any modifications to the Grand Piano Keys amusement game software or associated equipment must be provided to us for additional testing and review. In addition, amusement games operated in Washington must not have settings that allow the operator to control the outcome of the game (auto percentaging). The approval of this equipment may be rescinded at any time if problems are found by the Commission or changes to the Washington Administrative Code (WAC) impact this approval. If you have any questions or concerns, please contact Sonja Dolson at (253) 671-6283.

Sincerely,
