**Re: Pop the Lock Amusement Game**

Dear Mr. Treankler,

Thank you for submitting the Pop the Lock amusement game to us for review. We have completed our review.

It is my understanding the game plays as follows:

Players attempt to hit the yellow dot that moves around the circumference of the playfield. When a player hits the yellow dot another yellow dot pops up. If a player hits all 50 dots they pop the lock and win the bonus amount posted on the game.

The Pop the Lock game meets the definition of an amusement game (RCW 9.46.0201) and is approved for use as a Group 5 Hand/Eye Coordination (WAC 230-13-035) amusement game in Washington State.

Please be advised that any modifications to the Pop the Lock amusement game software or associated equipment must be provided to us for additional testing and review. In addition, amusement games operated in Washington must not have settings that allow the operator to control the outcome of the game (auto percentaging). The approval of this equipment may be rescinded at any time if problems are found by the Commission or changes to the Washington Administrative Code (WAC) impact this approval. If you have any questions or concerns, please contact Sonja Dolson at (425) 277-7026

Sincerely,

Josh Stueckle
