Re: World's Largest Pac-Man

Dear Mr. Manning,

Thank you for submitting the World's Largest Pac-Man amusement game, manufactured by Bandai Namco Entertainment and Raw Thrills Inc., to us for review. We have completed our review.

It is my understanding the game plays as follows:

Either one or two players play the standard game of Pac-Man. Players receive tickets based on the score they receive playing the game.

The World's Largest Pac-Man amusement game meets the definition of an amusement game (RCW 9.46.0201) and is approved for use as a Group 5 Hand/Eye Coordination (WAC 230-13-035) amusement game in Washington State.

Please be advised that any modifications to the World's Largest Pac-Man amusement game software or associated equipment must be provided to us for additional testing and review. In addition, amusement games operated in Washington must not have settings that allow the operator to control the outcome of the game (auto percentaging). The approval of this equipment may be rescinded at any time if problems are found by the Commission or changes to the Washington Administrative Code (WAC) impact this approval. If you have any questions or concerns, please contact Sonja Dolson at (425) 277-7026.

Sincerely,

Josh Stueckle
