Re: Zombie Snatcher

Dear Mr. Manning,

Thank you for submitting the Zombie Snatcher amusement game, manufactured by Innovative Concepts in Entertainment, to us for review. We have completed our review.

It is my understanding the game plays as follows:

Players attempt to time a moving arm to push pucks into holes on the playfield. Each puck has a ticket value posted on it. The player wins the amount of tickets posted on the puck that is dispensed. Once a puck is dispensed the game replaces that puck on the playfield. If a puck is dispensed with one of the letters in the word ZOMBIE on it, the player wins the amount of tickets posted on that puck and the letter lights up on the display on the top of the game. The jackpot is awarded after all letters in the word zombie are won. The player wins the amount posted for the jackpot at the time the last letter is dispensed.

The Zombie Snatcher amusement game meets the definition of an amusement game (RCW 9.46.0201) and is approved for use as a Group 5 Hand/Eye Coordination (WAC 230-13-035) amusement game in Washington State.

Please be advised that any modifications to the Zombie Snatcher amusement game software or associated equipment must be provided to us for additional testing and review. In addition, amusement games operated in Washington must not have settings that allow the operator to control the outcome of the game (auto percentaging). The approval of this equipment may be rescinded at any time if problems are found by the Commission or changes to the Washington Administrative Code (WAC) impact this approval. If you have any questions or concerns, please contact Sonja Dolson at (425) 277-7026.

Sincerely,

Josh Stueckle
Agent in Charge, Regulation Unit
