Re: i-Score Plus v1.10.1

Dear Mr. Zorn,

Thank you for requesting approval of the i-Score Plus v1.10.1 upgrade. We have completed our review. The i-Score Plus v1.10.1 that works in conjunction with the optional i-Shoe Auto v2.0.141 (approved May 7, 2010), is approved for use in Washington State. We are approving the i-Score Plus v1.10.1 with the following requirements:

- A user login and password should be added to start up the PC Table Processor in order to limit access by unauthorized users.
- Disable the functionality that allows an automatic login when the device is powered on.
- If the optional i-Shoe Auto v2.0.141 is used with the i-Score Plus v1.10.1:
 - The keypad should only be attached to the i-Shoe Auto v2.0.141 during configuration of the display and
 - All requirements associated with the i-Shoe Auto v2.0.141 must be followed.
- The i-Score Plus v1.10.1 cannot be used with any other electronic or mechanical shoe, unless authorized and approved by us.
- The i-Score Plus v1.10.1 can only be used in conjunction with approved card games as posted on the WSGC's website.
- The Super 6 and Dragon Bonus 9 optional wagers were not submitted for testing and are not currently approved in any game rules in Washington.
- In order to utilize the i-Score Plus v1.10.1, and/or any other gambling equipment, with an approved card game, the card game rules must be revised and approved by us. The card game rules must indicate the approved gambling equipment and version number that can be used in conjunction with that card game.
- If playing non-patented Mini-Baccarat, the operator must use the Dragon Bonus USB and select "Tie" as the only bonus wager offered.
- Licensees must secure all i-Score Plus v1.10.1 USBs and limit access to only authorized users.
- Progressive jackpots cannot be operated on the i-Score Plus v1.10.1.

- The Windows 10 PC that runs the i-Score Plus v1.10.1 includes several USB ports and a CD/DVD reader that should be sealed and secured during operation on the gaming floor. The Ethernet Port should also be sealed if no i-Shoe is connected to the i-Score Plus v1.10.1 during operation.

Any modifications made to the i-Score Plus v1.10.1 software, or associated equipment must be submitted to us for additional testing and review. We reserve the right to investigate and reevaluate the i-Score Plus if we determine that such a review is required to ensure compliance.

Any future versions of i-Score Plus must not contain any bonus features or any other games that are not authorized, such as Super 6 or Dragon Bonus 9 as discussed with Bryan Zorn and Special Agent D. Khanasa on August 19, 2019.

Thank you for your cooperation during this process. We appreciate your desire to comply with our regulations. If you have any questions regarding this matter, please contact me at (360) 486-3546.

Sincerely,

Tina Griffin
