2. **HB 1475 / SB 5582, Clarifying the limited authority of gambling commission officers**

HB 1475 and SB 5582 were prime sponsored by Representative Irwin and Senator Honeyford, respectively. HB 1475 had a hearing in Judiciary on Tuesday, January 31, 2017. Deputy Director and I testified in favor of our agency request bill. There was no opposition and Fraternal Order of Police did not testify but signed in supporting the bill.

SB 5582 was referred to Commerce, Labor, and Sports on January 30, 2017. We have requested that Senator Baumgartner, Chair of the Committee, hold a hearing on the bill and pass the bill out of committee. No hearing has been scheduled at this time.

**Bills with Direct Gambling Impacts.**

3. **SB 5169, Authorizing fantasy sports contests as contests of skill**

Senator Ericksen's SB 5169 defines fantasy sports as games of skill and excludes them from Washington's gambling laws. This is the same bill Senator Ericksen brought forward last year (SB 6333).

SB 5169 received a hearing in Commerce, Labor and Sports on January 18, 2017. Commissioner Stearns and I testified neutral at the hearing informing the Committee that you had not taken a position at this time. We also provided information of some national trends that are emerging and general issues the Commission and state might face related to the bill. Rob McKenna for the fantasy sports trade associations testified in support of the bill.

The bill has not been schedule for executive action and we do not expect it to be scheduled for a vote at this time.

4. **SB 5506, concerning the transfer of firearms at nonprofit fundraisers**

Senator Zeiger's SB 5506 creates a new exemption to the firearm background check statute for the transfer of possession of a firearm between individuals while conducting nonprofit fund-raising activities. It includes but is not limited to auctions, raffles, and contests. The bill does not amend the gambling act but would allow firearms to be auctioned at nonprofit gambling activities without a background check.

The bill is scheduled for a hearing in Law and Justice on January 31, 2017.

**Bills Impacting Agency’s Adjudicative or Rule-making Authority**

**5. SB 5211, Addressing adjudicative proceedings by state agencies**

Senator Wilson’s SB 5211 requires that administrative hearing presiding officers, OAH as it relates to the Commission, issue final orders in administrative cases. It also prohibits ex parte contact between the presiding officer and head of an agency—here Commissioners or Director/Deputy Director. This is similar to SSB 6019 that was passed by the Senate but died in the House. SB 5211 received a hearing in Law and Justice on January 24, 2017. It is unclear if it will be passed out of committee.

This bill will remove the Commissioners from having final decision-making authority in administrative cases unless the agency were to hire its own in-house administrative law judge, which is not cost effective. If you have concerns about losing your final decision-making authority in administrative cases, then I recommend you vote to oppose the bill.

**6. SB 5350, Establishing deadlines for administrative final orders**

Senator Fortunato’s SB 5350 requires an agency to issue a final order in administrative cases within two years after the agency receives a challenge to its administrative action. A party may appeal the administrative action to superior court if a final order is not issued within the two-year period. The parties are allowed to waive the two-year requirement if all parties consent. This bill is similar to SB 6464 that made it out of the Senate but died in the House.

SB 5350 received a hearing in Law and Justice on January 25, 2017 and is scheduled for executive session on February 1, 2017. I will provide you an update on its status at the February meeting, but this bill does not appear to severely impact the agency at this time.

**7. HB 1120, Concerning the regulatory fairness act**

Representative Short’s HB 1120 is a result of the Auditor’s audit looking at Small Business Economic Impact Statements (SBEIS) required under the Regulatory Fairness Act (RFA).

Agencies are required by the RFA to complete and file SBEIS if a rule an agency is adopting will impose more than minor costs on small businesses and the agency must consider certain mitigation solutions identified in statute, where legal and feasible, if the rule will have a disproportionate economic impact on small businesses.

HB 1120 provides that: an SBEIS is not required if a proposed rule does not affect small businesses; an SBEIS to consider all mitigation solutions outlines in statute if the rule only affects small businesses; an agency to mitigate costs to small businesses even when it does not have sufficient data to calculate disproportionate impacts; and the Officer of Regulatory Innovation and Assistance (ORIA) will act to provide agencies with online tools and information so that agencies can better meeting their RFA/SBEIS obligations.

**HB 1120, Concerning the regulatory fairness act (continued)**

The bill received a hearing Technology and Economic Development on January 18, 2017 and it is scheduled for executive action that will likely occur this week. The agency was one of several agencies involved in the audit, and we have been part of a Governor's general government work group on this legislation. The Governor's Office supports the bill and is assisting in coordinating a uniform response to the bill to ensure the bill meets its objective without any unintended consequences to us or any other state agency.

**Law Enforcement Bills**

**8. HB 1529, HB 1769, and SB 5073, Use of Deadly Force Bills**

Representative Ryu's HB 1529, Representative Goodman's HB 1769, and Senator Frockt's SB 5073 are results from ESHB 2908's Joint Legislative Taskforce on police use of deadly force convened over the interim. The Taskforce issued a 91-page report in December 2016, and agreed upon 15 recommendations in the areas of: deadly force statute; accountability, training and community outreach; data collection; less lethal weapons; racial bias, behavior health; and funding/oversight/training.

HB 1529 and HB 1769 are scheduled for hearings on January 31, 2017. SB 5073 is scheduled for a hearing on February 2, 2017. HB 1529 and SB 5073 are companion bills. The bills remove the malice and good faith provisions in the deadly force criminal statute. This would allow a law enforcement officer to be prosecuted under a lower criminal standard – no liability if a reasonable officer would have believed that the use of deadly force was necessary in light of all the facts and circumstances known to the officer at the time. The bills also require: independent criminal investigations for all instances where deadly force results in a death or substantial bodily harm; additional data collection on uses of deadly force; WASPC program focusing on less lethal weapon program; expanded prohibition on racial profiling; studying disparate impact on minority communities; WSIPP study to increase diversity among law enforcement officers; workgroup to develop model policies allowing for meaningful community input; and additional funding for training through CJTC. Other than the change to the criminal use of deadly force statute, most other aspects of the bill are subject to appropriation if they are to be implemented.

HB 1769 requires law enforcement agencies to report certain data on deadly force incidents to the Attorney General's Office; establishes a grant program to assist local agencies in acquiring less lethal weapons; requires CJTC to provide enhanced leadership training; requires CJTC to provide enhanced crisis intervention training (40 hours) to fifty percent of all general authority peace officers assigned to patrol duties; creates financial grant awards for jails and local agencies receiving comprehensive accreditation; requires study on how to

**HB 1529, HB 1769, and SB 5073, Use of Deadly Force Bills (continued)**

increase law enforcement diversity; creates a WASPC grant program to foster law enforcement and community engagement; and directs certain court revenues into the Public Safety Enhancement Account to fund programs under the bill.

I will provide any updates to you at the February Commission Meeting. However, there is no recommendation to take a position on any of these bills at this time.

**9. SB 5038 / HB 1390, Concerning disclosures regarding incentivized evidence and testimony**

Senator Padden's SB 5038 sets forth requirements on how and when a prosecutor must give a defendant advance notice and specific detailed information about any potential informant testimony, including any benefit the informant receives in exchange for her or his testimony.

SB 5038 received a hearing in Law and Justice on January 25, 2017 and was passed to Rules on January 26, 2017. HB 1390 has not been scheduled for a hearing at this time. This bill could impact agency criminal operations. However, we are satisfied that the Washington Association of Prosecuting Attorneys (WAPA) opposition to the legislation identifies our concerns with the bill and we understand they are seeking amendments to the bill, if it continues through the process. We will continue to talk with stakeholders and legislators about the impact of this bill to our agency if it gains momentum in the next few weeks.

**10. HB 1016, Concerning seizure and forfeiture of property**

Representative Taylor's HB 1016 requires the agency to obtain a felony conviction against each person who had property seized by the agency under the Gambling Act before the agency could forfeit it. It also institutes a higher standard limiting forfeiture to only property the court finds is directly involved in, connected with, traceable to, or derived from the felony offense committed by the property owner.

HB 1016 had a hearing in Judiciary on January 11, 2017 and was scheduled for executive action the following week. The Commission voted to oppose the bill, and that opposition letter (attached) was delivered to the prime sponsor and Chair of the Committee. I also spoke with the prime sponsor and other members of the committee and they agreed to have an amendment striking us from the bill. However, the bill was pulled from consideration and has not been rescheduled for a vote. Thus, it is likely dead at this time.

**Public Meeting / Public Disclosure Bills**

**11. HB 1160 / SB 5418, Sunshine Committee recommendations for Public Records exemptions**

Representative Springer's HB 1160 and Senator Chase's SB 5418 are the Sunshine Committees recommendations amending and/or adding to Public Records Act exemptions. HB 1160 received a hearing in State Government, Elections, and Information Technology on January 25, 2017 and is set for executive action on January 31, 2017. SB 5418 has yet to be scheduled for a hearing. The Attorney General's Office also supports these bills

These bills would impact the agency, but most of the exemptions are helpful to the agency. Thus, these they do not appear to cause us any concerns at this time. We will continue to analyze the bills and talk with agency partners to ensure there are no unintended consequences.

**Legislative Work Sessions**

**12.** Agency staff has been asked to present information at three work sessions this legislative session. The House Commerce and Gaming Committee held two work sessions on January 9 and January 24, 2017. The first work session presented an agency overview to the committee and the second work session discussed an overview of Tribal gaming in the state, including our role in compact negotiations.

**STATE OF WASHINGTON  
GAMBLING COMMISSION**

*"Protect the Public by Ensuring that Gambling is Legal and Honest"*

January 18, 2017

The Honorable Laurie Jenkins  
Chair, Judiciary Committee  
308 John L. O'Brien Building  
P.O. Box 40600  
Olympia, WA 98504

**SUBJECT: Opposition of HB 1016 – Finding of Guilt for Property Forfeiture**

Dear Chair Jenkins:

The Washington State Gambling Commission voted to oppose House Bill 1016 at its most recent meeting on January 12, 2017. HB 1016, Section 1, imposes an unprecedented standard in the state for the forfeiture of unlawful gambling equipment, property and/or proceeds seized under RCW 9.46.231.

This bill requires the Gambling Commission to obtain a felony conviction against each person it seizes illegal gambling equipment, property and proceeds from before it can forfeit the property. The Legislature has charged the Gambling Commission with keeping the criminal element out of gambling through strict regulation and control. One of the main tools we have to fulfill this mission is the seizure and forfeiture law in the Gambling Act. Many times, the Gambling Commission is unable to get a felony conviction against each person we seize illegal gambling equipment, property, and/or proceeds from. This occurs because people disappear or do not claim the property knowing that a claim would necessitate criminal charges brought against them.

We need the standard to remain unchanged in the Gambling Act. Seizure and forfeiture of illegal gambling equipment and proceeds allows us to keep the criminal element out of gambling. This bill will severely constrain if not prevent the Gambling Commission from fulfilling its duty. Therefore, we strongly encourage the Committee to take no action on the bill or, at the very least, adopt an amendment striking Section 1 entirely.

If you have any questions, please do not hesitate to contact me at (253) 951-5090 or Director Dave Trujillo (360) 486-3512.

Sincerely,

A handwritten signature in black ink that reads "Bud Sizemore".

Commission Chair
