

Rule Petition to Amend

WAC 230-06-035- Credit, loans, or gifts prohibited.

September, 2019 – Commission Petition Review

August, 2019 – Petition to Initiate Rule-Making

Tab 6: SEPTEMBER, 2019 Commission Meeting Agenda.

Statutory Authority 9.46.070

Who Proposed the Rule Change?

Steven Berven, Richland, Washington

Background

The petitioner is proposing to amend WAC 230-06-035, Credit, loans, or gifts prohibited. The petitioner requests subsection (3) of this rule be amended to allow for the use of credit cards as another method of payment and allow pull-tab operators to extend credit up to \$200.

Originally adopted in 1973 as WAC 230-12-050. No credit, loans, or gifts was allowed and participation in a gambling activity must be paid in full, by cash or check. A single exception was made for punch boards or pull-tabs when consideration is five dollars or less.

The rule has been amended as follows:

1974	Allow bona fide charitable or nonprofit organization members to be billed without paying full consideration upfront to participate in a licensed gambling activity if the organization’s billing system is approved by the Commission.
1989	Allow the full consideration exception for punch boards and pull-tabs to be raised from five dollars to ten dollars or less.
1995	Allow for the following: <ul style="list-style-type: none"> • Charitable or nonprofit organizations to use credit cards for payment of raffle tickets; • Card rooms to give promotional gifts to customers for free or provided discounted food, drink, and/or merchandise; • Offering promotions, performances, and entertainment during bingo games, free play and “free rolls” during card tournaments, and promotional game cards.
1997	Allow electronic point-of-sale bank transfers as a method of payment.
2001	Allow nonprofits to provide free or discounted food and nonalcoholic drinks players.
2004	Include a definition of “gifts” and requirements for giving gifts and promotions.
2006	Allow gift certificates and gift cards as a method of payment.

Currently, tribal-state compacts allow patrons to use credit cards for payment for wagers at tribal casinos. However, tribal-state compacts prohibit tribal operators from extending credit to patrons.

- Stakeholder Feedback

Stakeholder Outreach

This petition was sent to all organizations that currently hold a gambling license. Six stakeholders are supportive of this petition because credit cards are a common method of payment, there is an ability for increased revenue, use of credit cards adds convenience of paying a tab for food/beverage and gambling activities, and some licensees would like to accept credit cards for the payment of bingo cards.

- Dagmar Cronin, South Park Senior Citizens
- Dan McCoy, McCoy's Distributing, Inc.
- Douglas Granstrand, Bill's Place/Granstrands Ent
- Duane B. Lusby, Loyal Order of Moose
- Jason Lajeunesse, Comet Tavern
- Wayne Larson, 13th Avenue Pub

Eight stakeholders are opposed to this petition because it does not accurately reflect sales on credit card bills (for instance, if a player purchases \$15 worth of food and beverage and \$40 worth of pull-tabs, it reflects on the credit card bill that the business made a \$55 profit, when in reality, the player may have won back that \$40 through play), a 3-5% transaction fee is charged to the business for use of credit cards, possibility of the card being declined after play, nonprofit organizations do not possess a point-of-sale system to accept payment by credit card, concerns that it may reduce overall sales, it adds costs to an already declining past time, and it may contribute to problem gambling.

- Barbara Jones, White Horse Saloon
- Chris Schumacher, ShuJack's Bar & Grill
- Donald Whittington, American Legion 00015
- Frances Staley, Maxi's Restaurant
- Pete Grignon, United Way of Pierce County
- Melissa Patterson, Parrot Heads of Puget Sound
- Robert Cameron, Old Highway 99 Saloon
- Thom Gamble, Creekside Alehouse and Grill

Staff Recommendation

Under the requirements of the Administrative Procedure Act, the Commission must take action on a petition within 60 days of receiving it. Your options are:

- 1) Initiate rule-making proceedings by filing the rule as proposed for further discussion; or
- 2) Deny the petition in writing, a) stating the reasons for the denial and specifically address the concerns stated in the petition, or b) where appropriate, indicate alternative means by which the agency will address the concerns raised in the petition.

If you consider accepting the petition, Commission staff recommend the use of credit cards be authorized for all licensed gambling activities but deny allowing the extension of any amount of credit by the operator. Also, staff recommends rule-making to consider amending these rules related to the use of checks because staff and agents have had many check-kiting complaints and conducted several check kiting investigations and these issues could be addressed by amending our rules.

Lastly, staff recommends reviewing WAC 230-06-035 and WAC 230-14-047, Standards for electronic video pull-tab dispensers, during rule-making if the petition is accepted.

Rule Petition Type: Amend Rule – I am requesting WSGC to change an existing rule.

==Amend Rule – I am requesting WSGC to change an existing rule.==

List rule number (WAC) if known: WAC 230-06-035

I am requesting the following change:

Change #3 to:

Gambling activity must be paid in full at the time the customer closes out their bill. Bills must be closed out before customers leave the licensed area.

Gambling activity bills must not exceed \$200 without being closed out.

Licensee must collect cash, check, gift certificates, gift cards, credit card, or electronic point of sale bank transfer.

This change is needed because:

Credit cards have become a principal means of commerce for most people. They no not carry cash. Ten years ago, use of credit as a means of payment represented less than 5% of business. Today, use of credit cards represents well over 50% of our business.

When an operator accepts a credit card , they are not loaning money to the cardholder; The operator is paid in full.

People use credit cards instead of debit cards because of the fraud and theft protection the credit card companies offer on them.

The same protections are not offered on most debit cards. Debit card payments are not able to be back-charged if there is a problem

Credit cards are a much more reliable means of payment than checks.

The effect of this rule change will be: It will allow customers to pay for pull tabs in the same manner they pay for their food, beverages and other goods.

(ii) Must not be traded back to you for cash; and

(3) Gambling activity must be paid in full at the time the customer closes out their bill. Bills must be closed out before customers leave the licensed area. Gambling activity bills must

Hello Ashlie, I am not supportive of this bill. It would put my credit card balance as an earning for me when the person playing pull tabs may receive many "play backs" winning tickets which would not be reflected on the credit card bill. For example if I have a charge for food and beverage of \$15.00 that is profit to me. If the Gambler adds an additional 50.00 to his bill it would appear I have a \$65.00 profit when the Gambler may have won much or some of the money back. I may be mistaken in my reasoning but if one doesn't have the money to gamble I cannot see charging for something that is merely meant for entertainment. This would also add more risk to problem Gamblers buy not limiting their spending.

Not sure, even if this passes, I will allow credit card use in my bar for pull tabs. It's a time consuming hassle in our busy atmosphere and there is a 3-5% transaction fee. What if they rack up a \$200 "tab" and the card is rejected?

The South Park Senior Citizens nonprofit corporation supports the petition to allow bingo players to pay for their game cards with credit card payments. We would like to be able to accept credit cards to pay for Bingo playing cards as it is awkward for players to preregister for other costs and to require cash at the door for the game cards. Thank you for passing this statement on to the Gambling Commission.

Washington State Gambling Commission,

I consider the reasoning behind the Petition to amend WAC 230-06-035, which prohibits credit, loans and gifts to be a viable and legitimate argument. Today, the use of credit cards is how many, if not most people pay for everything they do. I support the removal of the rule restricting credit cards from being used to pay for gambling activities as I believe it is an outdated restriction and should be removed.

Thank you,

We oppose to the rule change for allowing credit card as legal tender in gambling (especially in individual small business). It appears they are thinking of pull tabs only? If so, there are quite a few lower income individuals that buy pull tabs with cash. So, I am wondering if it would reduce overall sales. That would be my concern.

Hi Ashlie,

I would agree that people use credit cards more often than cash. The issue I see is that credit cards have handling fees which vary depending on the contracts involved. The seller will not receive 100% of the proceeds.

Hi Laydon, thank you for the copy of the letter, Ugh! Where to start with how bad of an idea I feel this is, this change would put all off the burden on the rest/bars that sell pull tabs, the cc fees would add cost to an already declining past time and what happens when somebody's credit card comes up declined? I feel the way the State regulates the sale of pull tabs today is the best way to insure that we as the business owners don't get screwed out of more money. my gut tells me the person who is making this request has never played pull tabs and has definitely never sold pull tabs. I also feel this would help create a bigger gambling problem and encourage people to unintentionally overspend with the State being the only entity to profit. Thank you, Robert Cameron

I am opposed to this requested change. Margins are small enough on Pull Tab sales after all taxes, fees etc. are paid. The credit card companies also charge for processing the credit card payments, as well as our Merchant Service providers. ATM's are provided in most establishments for gamblers to draw funds from their personal accounts, i.e. debit cards, or credit lines, i.e. credit card. A stop payment dispute can easily be placed on a credit card payment, say if a person has buyers remorse after losing. Cash limits what the gambler can spend while a credit card would be like a blank check to a person with a gambling problem.
